FOR HEAVY EQUIPMENT & SERVICES

GLOBAL JOURNEY
2022 - 2026

2022
Established iMachinery Egypt in Cairo

2023
Commercial office opened in Milan, Italy

2025
Saudi Arabia branch established in Dammam

2026
Expanding our global footprint

2023
China office established in Shanghai

2024
UAE branch established in Dubai South Free Zone

imachinery
FOR HEAVY EQUIPMENT & SERVICES

INTRODUCTION

iMachinery for Heavy Equipment & Services
iMachinery provides integrated heavy equipment solutions for construction, infrastructure, drilling, tunneling, mining, and industrial projects.
Through partnerships with internationally recognized brands, we deliver advanced machinery, spare parts, technical support, maintenance, and after-sales services.
Our Commitment: Quality, Reliability & Long-Term Partnerships.

imachinery
FOR HEAVY EQUIPMENT & SERVICES

OUR BUSINESS SECTORS & EQUIPMENT RANGE

iMachinery provides comprehensive heavy equipment solutions across tunneling, drilling, construction, mining, concrete production, lifting, and industrial sectors.
Through partnerships with international manufacturers, we deliver reliable machinery tailored to our customers' operational needs.
Our Sectors. Our Equipment. Our Commitment to Performance.

TUNNELING
TBM, tunneling equipment and solutions

DRILLING & FOUNDATION ENGINEERING
Drilling rigs, foundation equipment and accessories

CONSTRUCTION & EARTHMOVING
Excavators, loaders, bulldozers and compactors

MINING & QUARRYING
Mining equipment and solutions

CONCRETE PRODUCTION
Batching plants and concrete equipment

ACCESS & LIFTING EQUIPMENT
Aerial work platforms and lifting solutions

INDUSTRIAL SOLUTIONS
Specialized equipment for various industries

AFTER-SALES SERVICE & TECHNICAL SUPPORT

- Workshop Maintenance
- On-Site Technical Support
- Spare Parts Supply

Reliable Support. Maximum Performance.

imachinery
FOR HEAVY EQUIPMENT & SERVICES

OUR FACILITIES
WAREHOUSE & WORKSHOP

WAREHOUSE
A well-organized facility supporting spare parts availability and efficient equipment operations.

WORKSHOP
Dedicated to equipment maintenance, technical inspection, and reliable after-sales support.

WAREHOUSE
A well-organized facility supporting spare parts availability and efficient equipment operations.

WORKSHOP
Dedicated to equipment maintenance, technical inspection, and reliable after-sales support.

WAREHOUSE & WORKSHOP ADDRESS
Belbeis Desert Road, Arab Engineers Association,
Line 6, Near Al-Wosta Exit, Egypt.

FOR HEAVY EQUIPMENT & SERVICES

CRCHI 中国铁建

CRCHI – China Railway Construction Heavy Industry

CRCHI is a leading Chinese manufacturer specializing in advanced tunneling machinery and underground construction equipment. The company provides mechanized solutions for metro, railway, highway, and infrastructure projects, with expertise in tunnel boring technology and drilling-and-blasting equipment.

PRODUCTS:

Tunnel Boring Machines (TBMs):

Mixshield – EPB – Single/Double Shield TBMs – Pipe Jacking Machines.

NATM:

Jumbo Drilling & Blasting Machines – Bolting Machines –
Arc Machines – Shotcrete Equipment – Dust Collectors – Accessories.

imachinery
FOR HEAVY EQUIPMENT & SERVICES

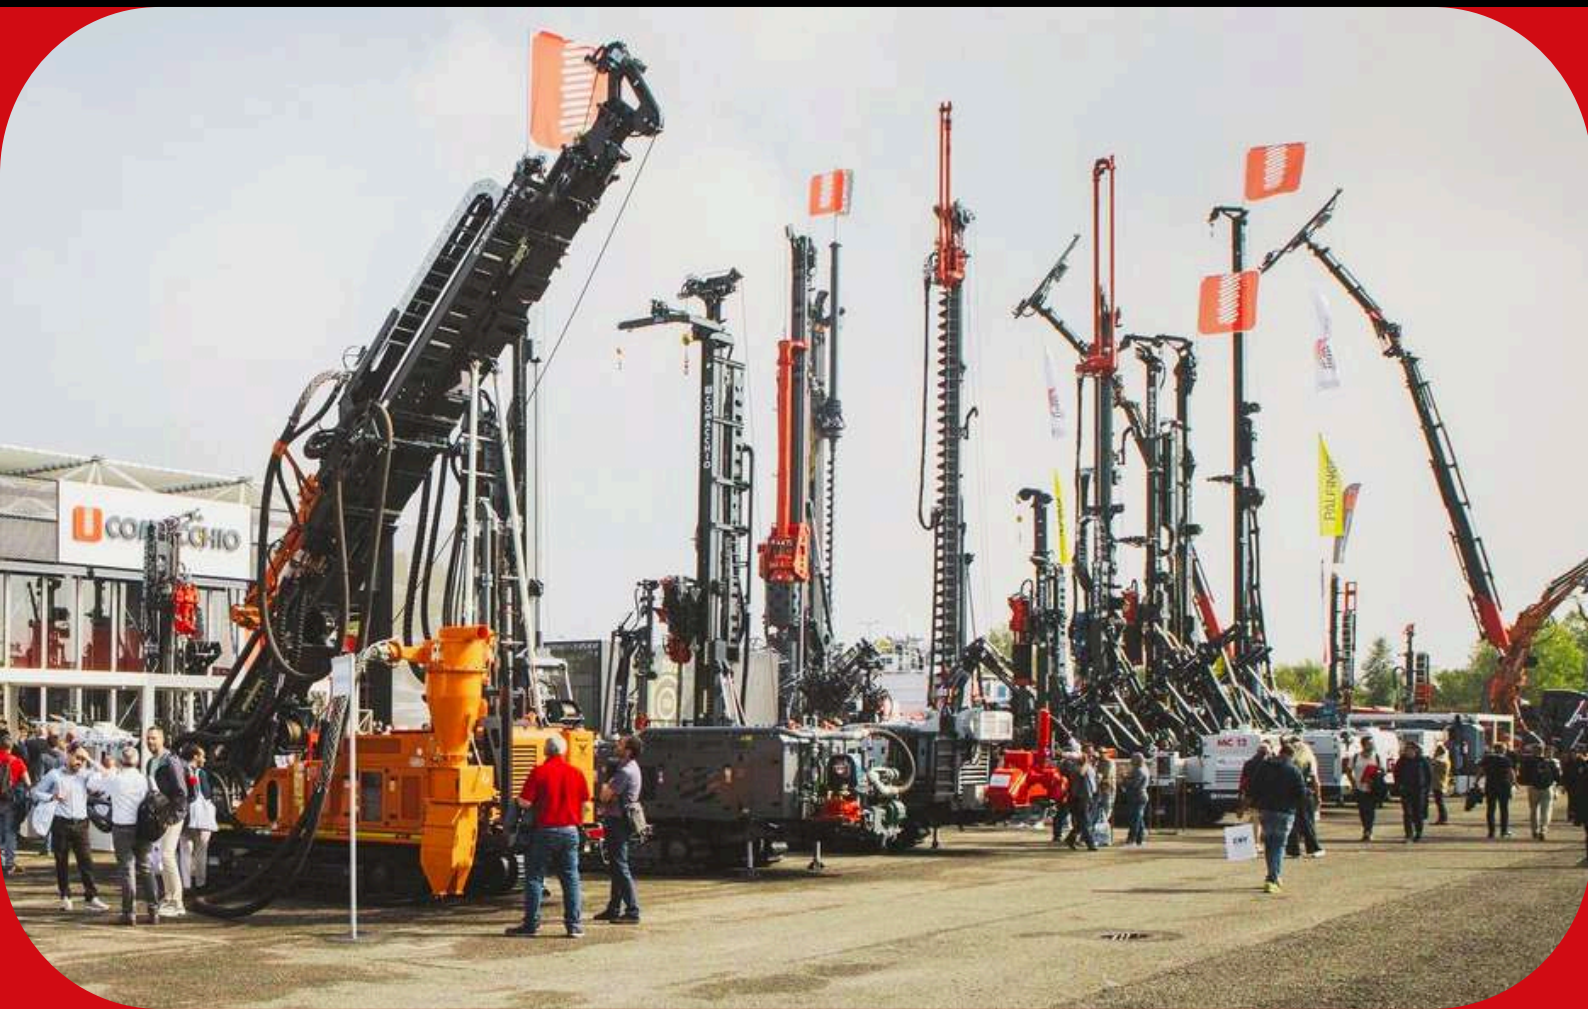

COMACCHIO

Comacchio S.P.A.

Comacchio S.P.A. is a leading Italian manufacturer of advanced drilling equipment with over 40 years of experience. The company delivers innovative, high-performance solutions for foundation, geotechnical, water well, and exploration drilling applications worldwide.

PRODUCTS :

Piling Equipment - Micropiling Equipment - Water Well Drilling Rigs - Geotechnical Drilling Rigs - Exploration Drilling Equipment.

imachinery
FOR HEAVY EQUIPMENT & SERVICES

SHANTUI
Member of SDHi Group

Shantui Construction Machinery Co., Ltd.

Shantui is a leading Chinese manufacturer of construction machinery and a subsidiary of Shandong Heavy Industry Group. With decades of industry experience, the company delivers reliable, high-performance equipment for earthmoving, road construction, and mining projects worldwide.

PRODUCTS :

Bulldozers - Excavators - Wheel Loaders - Motor Graders - Road Rollers - Forklifts - Mining Dump Trucks - Compactors - Pavers - Recycling Machines - Pipelayers.

imachinery
FOR HEAVY EQUIPMENT & SERVICES

SHANTUI - Janeoo

Shantui Janeoo

Shantui Janeoo is a leading Chinese manufacturer of concrete machinery with decades of experience in delivering innovative and reliable solutions for construction projects. The company is recognized for its advanced technology, high-quality equipment, and customer-focused engineering.

PRODUCTS :

Concrete Batching Plants - Concrete Pumps - Concrete Mixers.

imachinery
FOR HEAVY EQUIPMENT & SERVICES

LGMG
MINING EQUIPMENT

LGMG (Lingong Heavy Machinery)

a core subsidiary of Lingong Group, was established in 2012 and is backed by over 50 years of manufacturing excellence. Today, LGMG is one of China's leading manufacturers of mining equipment and aerial work platforms, delivering reliable, high-performance solutions through advanced R&D and a global network of subsidiaries and service centers across Asia, Europe, North America, and South America.

PRODUCTS :

Mining Dump Trucks - Mining Excavators - Rock Drilling Rigs - Underground Loaders - Underground Trucks.

imachinery
FOR HEAVY EQUIPMENT & SERVICES

LGMG
ACCESS EQUIPMENT

LGMG ACCESS EQUIPMENT

LGMG is a leading manufacturer of aerial work platforms and material handling equipment, delivering reliable, efficient, and innovative solutions for construction, industrial, and maintenance applications. Its product range combines advanced technology, operational safety, and high performance to meet diverse working-at-height requirements.

PRODUCTS :

Scissor Lifts - RT Scissor Lifts - Crawler Scissor Lifts - Vertical Mast Lifts - Articulating Boom Lifts - Telescopic Boom Lifts - Telehandlers.

imachinery
FOR HEAVY EQUIPMENT & SERVICES

安腾机械
ANTENG

ANTENG

Anteng specializes in hydraulic vibratory hammers and advanced piling equipment designed for efficient pile driving and extraction across a wide range of construction and foundation engineering applications. Its product range combines reliable performance, high-quality components, and versatile solutions to meet diverse piling requirements.

PRODUCTS :

Hydraulic Vibratory Hammer - Excavator Vibratory Hammer - Side Grip Vibratory Hammer - Electric Vibro Hammer - Hydraulic Impact Hammer - Hydraulic Pile Breaker - Telescopic Arm - Excavator Auger Drill.

imachinery
FOR HEAVY EQUIPMENT & SERVICES

STA
vibro and grouting equipment

STA

STA specializes in the design and manufacturing of hydraulic equipment for the construction and naval industries, delivering high-quality, reliable, and customized solutions. Its expertise includes grouting technologies, jet grouting, vibroflotation, stone column systems, and automated equipment with advanced data logging capabilities.

PRODUCTS :

Stone Column Systems - Grouting Equipment - Grouting Mixers - High-Pressure Pumps - Grouting Mono Pump Container.

imachinery
FOR HEAVY EQUIPMENT & SERVICES

Sullivan Palatek

SULLIVAN-PALATEK

Sullivan-Palatek specializes in the design and manufacturing of high-performance air compressors, delivering reliable and efficient compressed air solutions for industrial and construction applications.

PRODUCTS :

Diesel Portable Air Compressors - Electric Portable Air Compressors - Diesel Industrial Air Compressors - Electric Industrial Air Compressors.

imachinery
FOR HEAVY EQUIPMENT & SERVICES

rasta®
The original SWISS brand

RASTA – SAINT-GOBAIN

RASTA is a Swiss-origin abrasives brand established in the 1960s, specializing in high-quality cutting, grinding, and surface finishing solutions. Since becoming part of Saint-Gobain in 2003, RASTA has expanded its product portfolio to include coated abrasives, non-woven abrasives, and diamond products, serving industrial and professional applications with a focus on performance, reliability, and quality.

PRODUCTS :

Cutting-Off Wheels - Grinding Wheels - Flap Discs - Diamond Blades - Coated Abrasives - Non-Woven Abrasives.

imachinery
FOR HEAVY EQUIPMENT & SERVICES

CNHTC SINOTRUK

SINOTRUK

SINOTRUK (China National Heavy Duty Truck Group) is one of China's leading manufacturers of commercial and heavy-duty vehicles. With decades of industry experience, the company specializes in developing and manufacturing reliable, high-performance transportation solutions for construction, infrastructure, logistics, and industrial applications. Its diverse product portfolio includes heavy-duty trucks, tractor trucks, dump trucks, and pickup vehicles, combining engineering expertise with a commitment to quality and operational efficiency.

PRODUCTS :

Dump Trucks - Tractor Trucks - Diesel Pickup Trucks - EV Pickup Trucks.

imachinery
FOR HEAVY EQUIPMENT & SERVICES

河南矿山
HENAN MINE

HENAN MINE

HENAN MINE specializes in lifting and material handling solutions, providing crane systems, spare parts, refurbishment, and maintenance services to support industrial and port operations. The company offers solutions designed to enhance equipment reliability, operational efficiency, and service life.

PRODUCTS :

RTG Cranes - Gantry Cranes - General Spare Parts Supply - Crane Refurbishment & Upgrades | AMC (Annual Maintenance Contract).

imachinery
FOR HEAVY EQUIPMENT & SERVICES

SKC
Makina

SKC MAKINA

SKC Makina is a Turkish manufacturer of machinery and equipment for geotechnical engineering and construction applications. Established in 2013, the company specializes in the design, manufacturing, sales, and after-sales service of reliable solutions for drilling, excavation, and ground engineering projects.

PRODUCTS :

Mud Systems - Mud Pumps - Bentonite Mixers - Desanders - Desilters - Bentonite Tanks - Mud System Spare Parts.

imachinery
FOR HEAVY EQUIPMENT & SERVICES

LUXTOWER
lighting towers

LUXTOWER

LUXTOWER specializes in lighting towers and dust suppression solutions for construction, mining, infrastructure, and industrial applications. Its product range is designed to provide reliable site lighting and effective dust control across a variety of working environments.

PRODUCTS :

Diesel Lighting Towers - Solar Lighting Towers - Hyper Lighting Towers - Dust Killer.

imachinery
FOR HEAVY EQUIPMENT & SERVICES

TANTO

TANTO

TANTO specializes in the design, manufacturing, and servicing of advanced rock drilling equipment for mining, quarrying, and construction applications. The company provides reliable and efficient drilling solutions, combining engineering expertise with quality components and professional after-sales support to meet demanding drilling requirements.

PRODUCTS :

Top Hammer Drill Rigs - Split-Type DTH Drill Rigs - Integrated DTH Drill Rigs.

imachinery
FOR HEAVY EQUIPMENT & SERVICES

ZTM

ZTM

ZTM (Jiangxi Zhongtian Intelligent Equipment Co., Ltd.) is a Chinese manufacturer specializing in heavy lifting and construction equipment. Established in 2003, the company focuses on the research, development, and manufacturing of tower cranes and construction hoists, delivering lifting solutions for high-rise buildings, infrastructure, and industrial construction projects.

PRODUCTS :

Topless Tower Cranes - Luffing-Jib Tower Cranes - Construction Hoists.

imachinery
FOR HEAVY EQUIPMENT & SERVICES

Hypertec

HYPERTEC

Hypertec specializes in supplying specialized equipment, components, and maintenance solutions for hydromill and diaphragm wall construction applications. Its product portfolio includes hydromill gearboxes, cutter pumps, cutter wheels, and related spare parts, along with refurbishment and overhaul services designed to support reliable equipment performance.

PRODUCTS :

Hydromill Gearboxes - Cutter Pumps - KPKT Pumps & Spare Parts - Consumables - Cutter Wheels & Accessories - Cutter Module Refurbishment - Gearbox Overhauling.

imachinery
FOR HEAVY EQUIPMENT & SERVICES

XTC 洛阳金鹭

XTC – Luoyang Golden Egret

XTC (Luoyang Golden Egret Geotools Co., Ltd.) is a Chinese manufacturer specializing in high-performance rock drilling tools and cemented carbide products. The company provides durable and efficient solutions for mining, quarrying, tunneling, and construction applications, with a focus on product quality, wear resistance, and reliable performance in demanding working conditions.

PRODUCTS :

Drilling Teeth & Accessories - Top Hammer Tools - DTH Rock Drilling Tools - Tungsten Carbide Tools.

imachinery
FOR HEAVY EQUIPMENT & SERVICES

KELLYWAY
A Solid Way For Foundation Works

KELLY WAY

KELLY WAY specializes in foundation engineering and piling equipment, providing drilling tools, Kelly bar components, and spare parts for rotary drilling rigs. Its product range supports foundation construction and infrastructure projects, with solutions designed to deliver reliable performance and durability in demanding working conditions.

PRODUCTS :

Kelly Bars & Swivels - Terminals, Springs, Locks & Rotary Sleeves - Drilling Tools & Accessories - Spare Parts (Winches, Pumps, Motors, Distributors & Gearboxes).

imachinery
FOR HEAVY EQUIPMENT & SERVICES

M&S GRUSECK GMBH

M&S GRUSECK GMBH

M&S Gruseck GmbH is a German manufacturer specializing in wear-resistant drilling tools and components for foundation engineering and specialized deep foundation applications. The company provides high-quality tooling solutions designed for demanding ground conditions, supporting efficient drilling operations and reliable performance across construction and infrastructure projects.

PRODUCTS :

Carbide Teeth & Accessories - Foundation Teeth - Cutter Teeth.

imachinery
FOR HEAVY EQUIPMENT & SERVICES

独秀 DUXIU

DUXIU

DUXIU specializes in bitumen processing equipment and road construction solutions, providing reliable systems for bitumen melting, heating, and handling. The company offers equipment designed to support asphalt production and road maintenance operations, with a focus on operational efficiency, practical engineering, and dependable performance.

PRODUCTS :

Bitumen Melting Plants - Asphalt Plant Parts & Accessories.

imachinery
FOR HEAVY EQUIPMENT & SERVICES

TRISCAR

TRISCAR

TRISCAR GmbH is a German manufacturer specializing in conical cutting tools and wear-resistant components for the construction industry. The company develops and manufactures cutting solutions for road milling, cold recycling, trenching, and foundation drilling applications, focusing on durability, precision, and reliable performance in demanding working conditions.

PRODUCTS :

Road Milling Teeth - Cold Recycling Teeth.

imachinery
FOR HEAVY EQUIPMENT & SERVICES

ROADWAY

ROADWAY

ROADWAY specializes in the manufacturing of construction machinery for concrete floor finishing, road construction, and municipal highway applications. The company offers practical equipment solutions designed to support efficient surface preparation, concrete finishing, compaction, and road maintenance operations.

PRODUCTS :

Concrete Floor Construction Machines - Compactor & Scraper Machines - Municipal Highway Machinery.

imachinery
FOR HEAVY EQUIPMENT & SERVICES

METAX
JET GROUTING AND DRILLING SOLUTIONS

METAX

METAX specializes in jet grouting, ground improvement, tunneling, and drilling solutions. The company manufactures high-pressure pumping systems, grouting plants, mixing and injection equipment, and material storage systems for geotechnical engineering and specialized construction projects.

PRODUCTS :

Grouting Plants - Tunneling & Backfilling Equipment - Component A & B.

imachinery
FOR HEAVY EQUIPMENT & SERVICES

KMKS

KMKS

KMKS specializes in industrial plant solutions for wastewater treatment and solid-liquid separation. Its product range includes sewage treatment plants and filter press systems designed to support water treatment processes and industrial applications.

PRODUCTS :

Slurry Treatment Plant (STP) – Filter Press Plant.

imachinery
FOR HEAVY EQUIPMENT & SERVICES

TIANYOU

TIANYOU specializes in supplying components and consumables for tunnel boring machines and underground construction applications. Its product range includes cutting tools, tailskin sealing brushes, drilling accessories, and wear parts designed to support tunneling operations and equipment performance.

PRODUCTS :

TBM Disc Cutters – Tailskin Sealing Brushes – CONDAT Products – Drill Bits – Scrapers – Buckets.

imachinery
FOR HEAVY EQUIPMENT & SERVICES

UNI
CRANE

UNI CRANE

UNI CRANE provides moulds, production solutions, and handling equipment for precast concrete segment manufacturing and construction applications. Its product range includes tunnel segment moulds, construction moulds, turnkey segment production solutions, and accessories to support efficient production processes.

PRODUCTS :

Tunnel Segment Moulds – Construction Moulds – Segment Production Turnkey Supply – Segment Production Accessories – Handling Equipment.

imachinery
FOR HEAVY EQUIPMENT & SERVICES

NDF 新大方集团 NEW DAFANG GROUP

NEW DAFANG GROUP

New Dafang Group specializes in the development, design, manufacturing, and supply of specialized construction equipment for infrastructure, transportation, and heavy engineering projects. Its solutions support major construction applications, including railways, bridges, tunnels, and other large-scale infrastructure developments.

PRODUCTS :

Multiple service Vehicle (MSV) – Specialized Construction and Transportation Equipment.

imachinery
FOR HEAVY EQUIPMENT & SERVICES

RAVEO

RAVEO

RAVEO Machinery Inc. is a company specializing in the research, development, production, and supply of mining and construction equipment. Its product portfolio includes crushing and screening machinery, mobile crushing solutions, and material handling systems designed to support mining, quarrying, and infrastructure projects. RAVEO offers a range of equipment solutions for efficient material processing and aggregate production.

PRODUCTS :

Mobile Crushers – Crusher Units & Plants – Crusher Parts & Consumables – Conveyors.
